Hi Yazmine;

Please see the attached documents. The first document and the second is the workshare spreadsheet and workplan Connor submitted. The third document reflects the comments I had for Connor

The version Connor submitted, the end of year status does not reflect the NON-NPL status in SEMs.

## Ex. 5 Deliberative Process (DP)

Thanks

Anita,

I have attached the updated Delaware Workshare table. I have also included the last workshare document provided to me from Wanda. There have been a couple changes to the document and I have outlined them in the excel table. I held the workshare planning meeting with Qazi on February 22 prior to the annual workshare meeting.

Thank you.

Good Morning Connor;

I reviewed the attached document and had a couple of questions regarding the status;

- 
- 
- 
- 
- 
- 
- 
- 
- 
- 

**Nonresponsive based on revised scope**

- **Blades GW** – Please note site has not been entered in EPA R3 SEMs data base. However the status you provided indicates Removal is working on the Site. If this is the case my recommendation per SPIM would be to refer this site to the Removal Program.

If you have any questions, please feel free to contact me prior to the 8<sup>th</sup> of June, when all workshare spreadsheets are to be completed.

Thanks  
Anita

Anita,

I wanted to let you know I had a brief workshare update meeting with DNREC. I have attached the updated spreadsheet for you to look through. DNREC will be sending me a couple closeout letters/memos in the upcoming months. Let me know if you have any questions. Thank you.
